**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a recipient of AT&T Gigabit Fiber, but it was only attained at an affordable price point because AT&T was competing with Google Fiber. Prior to Google's attempt to enter our market, AT&T's offering was significantly more expensive.

Please keep the price of broadband affordable for everyday consumers and help make competitive commercial offerings available, we don't want to have to choose from only one or two providers!
